During the follow-up on the supervision of the work in progress, the Board of Directors provides guidance concerning the work of the teams, validating the priorities and the goals to be achieved.

Having deliberated the topics given on the meeting agenda, the Board of Directors unanimously took the following decisions.

### **ORGANIZATION OF THE FROGANS TECHNOLOGY CONFERENCE 3**

Further to its decision of October 16, 2014 covering the organization of the Frogans Technology Conference 3, the Board of Directors took note of the publication of the detailed program of the conference on the "conference.frogans.org" Web site.

### **PRESENTATIONS ABOUT THE FROGANS PROJECT GIVEN BY THE OP3FT DURING THE NAMESCON CONFERENCE**

Further to its decision of December 18, 2014 covering the participation of the OP3FT at the NamesCon conference, which was held at Las Vegas (United States) from January 11 to 14, 2015, the Board of Directors took note that the OP3FT has been invited to give two presentations giving on an overview of the Frogans technology.

### **PARTICIPATION OF THE OP3FT IN THE ICANN 52 MEETING**

As a reminder, as part of its mission to promote, protect and ensure the progress of the Frogans technology, the OP3FT participates in targeted events allowing it to make Internet stakeholders more aware of the Frogans project and, where possible, to invite these stakeholders to join the Frogans project. These events are also an opportunity to keep up-to-date on evolution in the technical or legal environment which could have an impact on the Frogans technology or its use.

The next meeting of ICANN (Internet Corporation for Assigned Names and Numbers), ICANN 52, will be held in Singapore (Singapore) from February 8 to 12, 2015.

The promotion team proposed that the OP3FT should participate in ICANN 52 for the following reasons:

- this event is an opportunity to meet stakeholders from Internet governance and from the domain name industry from around the world;
- this event is also a chance for the OP3FT to follow the evolution of ICANN's new gTLD program, in the context of the delegation of the ".frogans" gTLD.

In light of these elements, the Board of Directors decided that the OP3FT would participate in ICANN 52.

## **PARTICIPATION OF THE OP3FT IN THE MOBILE WORLD CONGRESS 2015**

The Mobile World Congress 2015 will be held in Barcelona (Spain) from March 2 to 3, 2015. The Mobile World Congress is an annual international trade-fair dedicated to the mobile telephone industry.

The promotion team proposed that the OP3FT should participate in the Mobile World Congress 2015. Indeed, this event is an opportunity to meet stakeholders from the mobile telephone industry, important because the Frogans technology aims to be available on all types of mobile device.

In light of these elements, the Board of Directors decided that the OP3FT would participate in the Mobile World Congress 2015.

There being no topics remaining on the agenda, the meeting ended at 2 PM.
